### TAXES/ BUDGET & THE FY08 AUDIT - TWO IMPORTANT REMINDERS

before going into the FY08 audit.

**FIRST:** When filing taxes please remember to put Cheverly on your tax form. This will help insure that the Town gets its fair share of income taxes from the State.

**SECOND:** The deadline for filing for your Homestead Tax Credit is April 1<sup>st</sup>. The Homestead Tax Credit limits the amount your tax assessment can be raised in a given year. Every homeowner is entitled to this credit as long as you reside in the home. With your assessment in hand, go to: <https://sdathc.resiusa.org/homestead/>.

**AUDIT AND TAXES:** Town Administrator David Warrington presented the Mayor and Council with the final audit for FY08 and the news was very positive. Revenue: The Town realized an increase in revenue for FY08. Local income taxes increased more than \$121,000 over budget, Tangible Personal Property Taxes increased more than \$81,000 and the Hotel/Motel tax was \$31,000 more than anticipated.

Town staff has done more with less and expenditures were \$158,000 less than budgeted. The net result was a surplus of more than \$352,000, bringing the fund balance to more than \$1,128,000. This undesignated fund balance is in line with the targeted 90- day operating "rainy day" fund balance that we need to have on hand, especially in these difficult economic times. I want to commend the staff and Council for their hard work, particularly in keeping expenses as low as possible.

Three Town positions are vacant and have been frozen for the past year and will remain so in the foreseeable future, one position in the front office, one in Public Works and one Police Officer position. There is more, not less work for all three departments so our staff has had to work hard to fill in the gaps. I also want to commend Town Treasurer Minnie Dilday for her extraordinary efforts in working with our business community to collect back and current taxes owed the Town. Her diligent work with our budget has been a huge help for Town Administrator David Warrington in tracking our finances, keeping a tight control over the budget and presenting a clear picture to the Council. Crime was down for 2008 and the Chief and his department have managed this with one less position. Chief also assisted me and representatives from States Attorney Glenn Ivey's office in working with Howard Johnson's to eliminate crime at that location. Howard Johnson's has seen a real turn around and has been close to being fully booked for the year. Chief's security measures, and adopted by the hotel management, has resulted in a safe establishment that contributed a significant increase in Hotel/Motel taxes to the Town. Public Works has been down a position so long we almost can't remember when it was filled. Public Works Director Juan Torres and his staff have done their usual excellent job of delivering the best services in the area if not the State and they have done this with less. Our Finance Committee members, Councilmembers Micah Watson and Mike Callahan have worked hard all year to bring clarity to Council and staff and assist us in making prudent decisions.

## *Mayor's FYI cont'd.*

While this is good news, Council remains cautious and concerned about the future. Most residents have noticed that there have been few houses sold in Town since late last summer and those that have sold have sold for less than they would have 6-12 months earlier. In this respect, we are like most communities in Maryland and many parts of the country. Council is monitoring assessments in Town and we have not yet seen a huge drop that has us overly concerned---but we remain cautious. More on assessments in my next FYI. We have also delayed some expenditures, some which will have to be made soon. For example, we have not paved a major street in two years and 64<sup>th</sup> Avenue will have to be done soon. Our delay seems wise now that petroleum (asphalt) prices (asphalt) have dropped considerably from the record highs of the past two years. However, for the first half of FY09, we remain optimistic that we will again do better than our approved budget.

Unless something unforeseen happens during the next few months, at this time there is no sentiment on Council to raise taxes in the next year. Given the Town's financial position at this time and the feeling on the part of CMs that this is the only relief that Council can give residents in these difficult economic times, there are no plans to raise taxes. Residents are encouraged to participate in the upcoming budget meetings, and a copy of the recent audit as well as the current Town budget is available at the Town Office.

## *Governmental Section*

The Mayor & Council would like to remind residents of the proposed Town Code Ordinance 0-2-09 made to **Sec. 27-5 (o) - Parking and driving restrictions**

An Ordinance whereby the Mayor & Council make it illegal to leave the motor running for an unattended motor vehicle. It shall be unlawful, within the corporate limits of Cheverly to: Allow any motor vehicle on any private property, on any street, alley, public right-of-way, or public property, to operate while the driver is not in or immediately beside the vehicle. Passage could occur at the April 9th Town Meeting.

## *Message from the Chief*

Buddy Robshaw (policechief@cheverly-md.gov)

**B&E's IN PRINCE GEORGE'S COUNTY** – According to recent statistics from the County Police, B&E's were up some 6% in 2008 for a total of 518 crimes. This rise matches that noted in the Town, although our closure rate for such crimes is higher than that of PGPD. That is little consolation to the people who were victims, however, and the reduction of B&E's in the Town is a top priority in 2009. I strongly encourage every resident who has not yet had a free home security to sign up now. I also encourage every resident to write down the serial numbers of any of the following items which are frequently targeted for theft in B&E's: computers, particularly laptops; games systems; and, easily cartable electronic equipment. In addition, please take the time to notify the Department if you are leaving Town for more than one day so that we can keep an area check on your house in your absence.

**C-PACT/CHEVERLY WATCH RESIDENT RADIO PROGRAM MEETING** – There will be a joint meeting of C-PACT (Cheverly – Citizens and Police Together), Cheverly's Neighborhood Watch Organization, and the Cheverly Watch Resident Radio Program on Tuesday, April 7, 2009, at 7:00 PM in the Police Department Conference Room. We will discuss the implementation of the Task Force, the possible integration of a citizen patrol, and grant opportunities for 2009.

**WE NEED YOUR VEHICLE DONATIONS** – I have spent all my forfeiture/donation money to buy a new 2009 Ford Crown Victoria marked police vehicle that the Department recently took custody of. At the current time, there are no vehicles left in our donation inventory and I am soliciting the help of every resident who has considered such donations. The biggest advantage to donating your vehicle to the Cheverly Police Department in lieu of a number of other worthy causes is that you can actually see your donation dollars at work.

**PEDESTRIAN ENFORCEMENT** – The Department has recently received additional grant monies from the State Highway Administration for pedestrian enforcement of traffic violations along Landover Road. This money pays for police overtime to specifically enforce these violations and reducing pedestrian violations particularly near Kilmer Street remains a top priority.

## VEGETABLE GARDENS AND

**GARDENING CLASSES** by CM RJ Eldridge  
Cheverly is growing! The new Cheverly Vegetable Gardens at Boyd Park will have 41 garden 4'x20' garden plots available on a first come, first serve basis. (\$20 fee) Many town residents can't have a garden on their own property for a variety of reasons including terrain, shade or no available land. The Cheverly Vegetable Gardens will provide a sunny, level place to plant your lettuce in the spring, beans and tomatoes over the summer and pumpkins in the fall. This community-driven project has been spearheaded by residents Dave and Casey Kneipp, Theresa Williams, and the Progressive Cheverly Environmental Committee. The Fourth Ward Civic Association was also instrumental in helping to figure out where the gardens should ultimately go. Stop by the front office at the Cheverly Community Center to get more information or sign up for a garden plot. Garden applications and guidelines should also be available on the Cheverly Community Market website (<http://www.cheverlycommunitymarket.com/>) soon.

Even more good news! Members of the Prince George's Master Gardeners will be holding a class called 'Vegetable Gardening 101.' This one-hour class is for the plot holders of the Cheverly Vegetable Gardens and other interested vegetable gardeners in Cheverly. You'll be growing prize-winning zucchinis in no time!
